

BOARD OF TRUSTEES.

At the meeting of the Board all of the Trustees were present. This happens about once in two weeks.

Theodore Wagner appeared as Attorney in the absence of Mr. Graber.

After reading the minutes the question arose as to the proceedings in reference to the improvement of Shattuck avenue south of the old charter line. The Attorney decided that as no time for hearing the protest had been legally set, the motion overruling the protest was illegal.

The minutes, as read, stated that a motion had passed rescinding the proceedings and on motion of Trustee Jones the motion to rescind the proceedings was carried. Next Monday evening was the time set for hearing the protest.

The matter of moving an electric light to the corner of Atherton street and Allston way was brought up and instead of placing the matter in the hands of the Electric Light Committee it was referred to Trustee Jones with power to act.

Clerk Preble reported that the new charter was filed with the Secretary of State and County Recorder on March 16, 1895.

A vote of thanks was extended to Charles H. Spear for his excellent service in the interest of the Charter at Sacramento.

The protestants on Alcatraz avenue will be heard on Monday evening, March 25, 1895.

The acceptance of Virginia street from Shattuck avenue to Milvia street was laid on the table.

Treasurer Squires asked for supplies and the request was granted.

A request that no private contract for the construction of a sewer on Oregon street be granted was read and ordered filed.

Attention was called to the condition of the street at Hillegas avenue and Parker street, the statement being made that it is used for agricultural purposes. Referred to the Town Marshal and Street Committee.

A request of Dr. O'Toole for permission to make improvements on Walnut street between Gilman and Durant streets was granted. A petition for a sewer on Hamilton street from Lincoln to Virginia was granted, the Health Officer reporting that it was necessary.

A petition for a sidewalk on Oregon street to be constructed by private contract was granted.

A resolution of intention was adopted for grading and curbing and for the macadamizing and guttering of Ashby avenue, from Telegraph avenue to the land of the Northern Railway Company, on Adeline street, was passed.

Michael Heaffy petitioned the Board not to permit sewers to be constructed by private contract. The petition was ordered filed.

Thomas A. Evans as principal, with John Martin and W. Rice as sureties, R. T. Gard as principal, with Sims and Patterson as sureties and R. Volkman, with Chas. Weiman

and A. Schnoor as sureties, filed the proper papers as commissioners for the opening of Woolsey street and were approved.

Trustee Whiting called for the report of the Committee of the Whole upon the license schedule. This matter was the cause of a great deal of discussion, during which Trustee Jones scored his fellow members in pretty strong language. General Wagner made some remarks in relation to the way the license business was conducted elsewhere. Trustee Jones made a motion to refer the matter back to the Committee of the Whole to report on the 4th of July. The motion was lost. Finally the following licenses were adopted as follows:

Liquor license.....	\$100
Two-horse vehicle.....	6
One-horse vehicle.....	4
Electric Light Company.....	50
Gas Company.....	50
Solicitors or order agents.....	125
Peddlers.....	125
Banks and brokers.....	50
Electric cars, each.....	5
Water companies.....	50
Real estate and insurance.....	20
Local steam railway each car.....	10
Wholesale sand merchants.....	50
Doctors.....	25

The merchants of Lorin being desirous of improving the street at that station, have agreed to pay \$75 towards it if the town will pay the remainder which will be about \$50. The matter was referred to Town Marshal Striker with power to act.

The Finance Committee reported the following bills:

ROAD FUND.	
M. Kuhlner.....	\$8 00
F. A. Wass.....	9 00
GENERAL FUND.	
J. W. Striker.....	\$150 00
S. C. Preble.....	100 00
Berkeley Electric Light Co.....	36 78
J. B. Gilchrist.....	5 00
S. Borkheim.....	5 00
C. H. Spear.....	19 00
Advocate.....	36 50
Electric Light Company.....	184 65

On motion the Board adjourned.

A Schoolroom Picture.

Amos Currier, fine art dealer, 611 Polk street, San Francisco, has just published a picture 27x22, containing the likenesses of all of the Presidents of the United States. It gives date of birth, when elected and inaugurated, politics, age, time and place of death and age at time of death. It is a historical picture lesson well adapted for schools as the pictures will assist in children's easily learning much concerning the rulers of the land. They will also learn it in a way that it will make such a lasting impression on their minds that it will not be forgotten in later years. The picture will also be a tasty ornament for any schoolroom.

The removal of Charles Mantelan as Chairman of the Alameda County Republican Committee is a foregone conclusion. Who will be elected in his place has not been decided upon.

Very Complimentary.

The following letter from Professor Dr. Knestner, Director of the Royal Prussian Observatory, was recently received by Dr. A. de Marconay, of West Berkeley:—

VERY HONORED SIR:—For the friendly remembrance which you still show to your "alma mater," from so far as you are, I tend to you my most sincere thanks. At the same time allow me, dear doctor, to thank you for those two pamphlets of the Lick Observatory. Although I received them before as we are in direct communication with every observatory in the world—I have found very good use for them, and thank you sincerely.

The great discoveries which American astronomers have made, thanks to the grand telescopes which they possess, have always been a source of very unchristian envy to me. I wish to God we could have a benefactor for science like you have in the United States, who would donate a large refractor (telescope) to our university, for all the government money, nowadays, goes for the use of the army and navy. I myself have only a telescope of 6 feet, one-tenth as large as that of your glorious Lick Observatory, and at the present time of science cannot make any discoveries with it.

Still I have a first-class meridian instrument and can do the international work of a new map of the stars, of which you wrote to me in your last letter, just as well as in the Mount Hamilton Observatory, as they are made by the same man and are twins, you might say.

Hoping to hear from you soon I remain, with the feelings of highest consideration,

PROF. DR. F. KUESTNER,
Dir. Royal Prussian Obs.

Governor Budd has been making a personal inspection of the land wanted by the San Joaquin valley road for a terminal and feels sufficiently well pleased to sign the bill. He considers the enterprise a good one and that it will pay a fair rate of interest upon the investment.

All of those people who have anything to do with raisins have about completed arrangements for a combination of interests which will be a mutual benefit to themselves and the public. The sooner this comes into practical operation the better it will be for all concerned.

Now there is the small amount of \$80,000 which cannot be accounted for on the credit side of the accounts in the Carson Mint. These shortages have got to be so common that the public is not surprised at the public announcements made from day to day.

At the Manufacturers Convention which assembles today in San Francisco, A. S. Hallidie will be chosen permanent President; L. R. Mead of the Risdon Iron Works, secretary and M. M. Barnet of the Journal of Commerce recording secretary.

Berkeley's Water Front.

The land on the water front of Berkeley is being washed away very fast. The heavy beating of the waves, particularly when there is a storm, is making inroads into the high land that must be attended to before a long time or the expense of stopping it will be heavy for somebody to bear.

Near Butchertown the ground has disappeared where the high bluff is, until the sea water comes near to the railroad track on Third street. As far down as Sixteenth street, in Oakland, the railroad company has been compelled to use a stone filling to prevent the track from being washed away. The time will come when the same thing will have to be done all along the water line to the north boundary of Berkeley.

Going North from Butchertown the shore line is irregular showing perhaps softer ground in some places than in others. Although of a sound stone formation it succumbs to the constant beating of the water.

Where the Standard Soap Works is located on the west side the earth has washed away within the last ten years a distance of two hundred feet. Eucalyptus trees forty feet in height, have had their roots washed out so that the trees have fallen into the mud.

All of the property along the line of the water front has private ownership except the streets at right angles which belong to the town. Third street running parallel with the water line will be the first of consequence affected.

Another surprise awaited the public in Judge Slack's court in San Francisco yesterday. R. H. Lloyd of counsel for the children presented a will of the late J. G. Fair, dated three days after the one which was stolen. All the talk over the lost will goes for nought. It is said he gave the later will to a respectable lady, who has just discovered that it was of later date than the missing document. Wonder if another one will turn up if this should be lost.

Notice has been served on the *Enquirer* Publishing Company of the libel suit commenced against it by J. M. Bassett. Damages to the amount of \$20,000 are wanted. It would not be surprising if that company had a string so long to it that a life time might be spent in hauling it in and then the chances are that the line would be broken before it got anywhere near the puller.

Leslie Blackburn of Oakland, sergeant-at-arms of the Senate, received a present of an elegant silver service in Sacramento on the adjournment of the Legislature. He was also very highly complimented in the presentation speech, which was made by a Democrat, Senator McAllister.

Senator Earl, of Alameda county, was presented with a bouquet of yellow poppies on Saturday evening last, in Sacramento, in kind remembrance of his introduction of the bill making the eschscholzia the California State flower.

Jacob Mackey Graber who died in San Rafael last Friday instead of comforting himself with the idea that he could be happy if either one of his two alleged wives were away, took another course and got away from both of them. In relation to the property left behind these two women evidently intend to fight it out if it takes all summer.

Albert E. Akerman, Esq., of Haywards, visited Berkeley on Sunday. Although a '99er, this was the first time he had ever visited the town. He had heard a great deal of its beauty and was agreeably surprised to find that it was much prettier than he had imagined from the reports given of it.

Captain J. F. Luttrell, wife and fifteen passengers will sail on April 10th on the bark Helen W. Almy, Samoa, Gilberts, Caroline and Marshalls Islands. They will be absent about five months.

Thirty-five indictments are reported to have been found by the extraordinary grand jury of New York. Some seven or eight of the police captains have already been arrested.

E. V. Debs, president of the American Railway Union, has gone into the lecturing business. His advance agent says he will lecture at Oakland in Metropolitan Hall, on Monday night.

About thirty families have already settled in the Altrurian Colony at Mark West Springs in Sonoma. To all appearances the colony is in a very thriving condition.

Coroner Baldwin to Health Officer Rowell—"You must not do it." Rowell to Baldwin—"I have done it." Baldwin to Rowell—"Well, don't do it again."

Assessor Dalton will make a new assessment upon personal property in Alameda County this year. He has appointed thirty-three deputies to do the work.

Clarence Merrill has withdrawn from the race for Town Clerk as he has accepted a position with the new Valley Railway company.

The Executive Committee of the Nonpartisan Party will announce their delegates from the different wards this evening.

The amount of money short in ex-poliice court Clerk Lambert's, of Oakland, account is between \$1500 and \$1600.

After a preliminary examination Charles A. Dana of the New York *Sun* has been held on a charge of libel.

The firm of Sing Fat & Co. is put down for \$500 among the list of subscribers to the Valley Railroad.

Mary A. Neven, a native of Ireland, aged 27 years, 5 months and 17 days, died in Berkeley on Saturday.

President Cleveland's birthday occurred yesterday, March 18th. He is 58 years old.

OAKLAND'S WATER FRONT.

The Supreme Court in Washington has dismissed the bill of the State of California against the Southern Pacific Railroad Company in which the possession and control of the water front of the city of Oakland is concerned, for the reason that it was not a case in which the court had original jurisdiction.

Justices Harlan and Brewer dissented from the opinion believing that if the Supreme Court could not exercise its power of original jurisdiction in this case it was difficult to see where it could do so.

The decision has not caused any surprise to the Attorney for the city. Two water front suits have been tried argued and submitted before Judge McKenna and a decision is soon expected. The city's suit submitted to Judge Ogden is the largest of all, however.

THE VALLEY ROAD.

If Berkeley cannot get the terminus of the San Joaquin Valley railroad within its town limits let us get it as near as possible. A committee in Stockton have sent to the directors of the road a communication, a synopsis of which as printed in the San Francisco Bulletin will be found below. San Jose is making an effort to have the line go on the other side of the bay so as to include Santa Clara valley. It is well to pull all the strings to get the terminal point on this side and then we can contend amongst ourselves as to which place will obtain the desired object:

"The Stocktonians call attention to the fact that by running the main line through Stockton, Oakland would be the natural terminal of the road on the east shore of the bay of San Francisco. There are practically 100,000 people in Oakland, the adjoining towns and in the immediate vicinity, and they set forth in their argument that all these people would naturally give their support to the new road; also, that in the sparsely settled condition of California, 100,000 people are not to be ignored.

"Another point that the Stocktonians advance in their argument is that the Sacramento valley is a territory second in importance in California only to the San Joaquin valley, being equal in fertility. "No system of railroads radiating from the bay of San Francisco," they say, "will be complete without a line of road up the Sacramento valley. With the main line of road running into the San Joaquin valley, through Stockton, the Sacramento valley system would fit on and bring the business to the same stem, to the bay of San Francisco, as serves the San Joaquin valley, and it would be impossible to accomplish this in any way other than building through Stockton."

"Further the Stocktonians argue that the new line must be as well located as any line with which they can be called upon to compete, and therefore must not exceed in distance, to any material extent, any other line, as the chances of securing business will be correspondingly affected. There is no way to secure the co-operation of the Stockton people which will be so effective as by assuring them of the co-operation of the line itself.

"Still another argument which the Stocktonians are trying to enforce upon the attention of the board of directors, who still have the route under consideration, is that if the main line fails to pass through Stockton, it will give to other roads, including the Southern Pacific, the opportunity to control Stockton's business and to use Stockton's facilities in competition with the new road. No other outlying point in the State possesses facilities to the same degree as Stockton. If, also, it is said, the main line goes through Stockton, and local rates in the State are adjusted to a fair basis, Stockton will derive through the bay of San Francisco what benefits it receives, which would make it wholly the ally and in no degree a competitor of San Francisco. Under these conditions San Francisco would have no rival for the business of the San Joaquin valley and the interests of San Francisco and Stockton would become common."

The usual annual complaints are being made about promiscuous shooting going on in the suburbs of Berkeley, by which human lives are endangered.

REAL ESTATE TRANSFERS.

Elvira C. Oakley, (formerly Chat-tin), to Alexander Craig, north 40 feet of lot 109, and south 20 feet of lot 108, block 7, lands of the Regent Street Homestead Association.

Albert Jeffery to J. A. Klinge, lots 17 and 18, block 23, re-subdivision Smith's subdivision Matthew's tract.

A. A. Koch to J. A. Klinge, lots 19 and 20, re-subdivision Smith's subdivision Matthew's tract.

Oakland Gas Light and Heat Co., (a corporation), to Town of Berkeley, lot on west line of Fourth street, 121.01 south of Bancroft way, thence east to a point 30 feet from east Fourth street, thence south to south-east corner of lands of the said Oakland Gas Light and Heat Co., thence west 30 feet, thence north to beginning, to be used for a public street; grant.

A. and Dollie McCartney to Jane G. Patterson, lots 57 and 58, subdivision of Plat 5 and a portion of Plat 6, Dohr tract.

Charles A. and Alice C. Bailey to Antonio Carasco, the south 25 feet of lot 12, block 104, Allston tract.

H. D. Kelsey, the Berkeley Pharmacist, is progressive, always keeping abreast of the times. He has recently added to his large stock of other goods a line of artists' materials of the best quality. Look in his window and see the display, and then look around and see what else he has got. Looking is inexpensive nowadays.

On Saturday last the Commissioners of Lunacy discharged Mrs. Johanna McEvoy, whose residence is in Berkeley, as she was not considered dangerous to be at large. On Sunday she was again taken in charge, on account of her being able to see more "bugs" than was ever in a bill before the late Legislature.

The licenses as passed by the Board of Trustees last evening will cause a great deal of criticism. They will keep business out of Berkeley and will do the home dealers but very little good. The idea of charging a bank but \$50 per year and a physician \$25 per year.

Tomorrow morning at 10 o'clock is the time set for hearing the case of Mrs. C. Howard, who was arrested upon the charge of petty larceny. A jury will hear the evidence in Judge Lord's court.

The West Berkeley Progressive Club will hold their regular meeting this evening. As there has been none held for the last two weeks business has probably been accumulating.

Although George H. Stricker has not fully recovered from his attack of la grippe, his genial smile makes one believe that his health is as good as it ever was.

A large party of school boys from Oakland made the University campus ring with their merriment as they played different games this morning.

The Santa Fe railroad has adopted the old rates again. They were recently cut from \$52.50 to \$50.

OFFICE OF THE
Assessor of Alameda County.

Poll Tax Notice.

OAKLAND, March 4, 1895.

PUBLIC NOTICE is hereby given that the State Poll Tax of Two Dollars for the year 1895 is now due and payable at my office, Room 1, Court House, or to a deputy assessor.

Sec. 3839 of the Political Code reads as follows:

Every male inhabitant of the State, over twenty-one and under 60 years of age, except paupers, insane persons and Indians, not taxed, must annually pay a poll tax of two dollars, provided the same be paid between the first Monday in March and the first Monday in July, then it shall be three dollars.

Sec. 3846 of the Political Code makes it the duty of the Assessor to "demand Poll Tax of every person liable therefor, and on neglect or refusal of such persons to pay, he must collect by seizure and sale of any personal property owned by such person."

Under sections 429 to 434 every person who refuses to give his own name or the name of any person in his employ, or who in any manner obstructs the Assessor or any of his deputies in the collection of the State Poll Tax, is guilty of a misdemeanor, and liable to a fine of \$500 or imprisonment in the County Jail, or both such fine and imprisonment.

Only those persons under twenty-one or over sixty years of age are exempt. Poll Tax must be paid on demand.

Henry P. Dalton,
Assessor of Alameda County.

OFFICE OF THE
Assessor of Alameda County.

NOTICE TO TAX PAYERS.

OAKLAND, March 4, 1895.

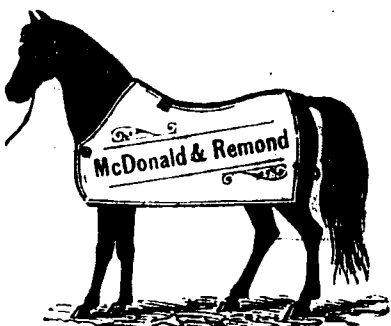

ALL PERSONS, firms, company, corporations and associations are required to deliver at the Assessor's office, at the Court House, City of Oakland, County of Alameda, immediately, a statement under oath of all property, both real and personal, owned, or claimed by him, her or them, or in their possession or held in trust for others, at 12 o'clock meridian on the FIRST MONDAY IN MARCH, 1895, in accordance with the constitution.

Refusal or neglect to make a sworn statement of all the property owned or held in trust, will subject the person so refusing or neglecting to make such sworn statements to the full penalty of the law—one hundred dollars fine and guilty of a misdemeanor.

All persons owning real estate that has heretofore been assessed in the wrong name on the real estate assessment book, or who have purchased real estate within the last year, are requested to appear with their deeds, at the Assessor's office, and have the proper changes made for the year 1895. Immediate attention is necessary, as work on the book has already been commenced.

Proper blanks may be obtained at the Assessor's office.

Henry P. Dalton,
Assessor of Alameda County.
